

# Energy Coordinator/Planner

(position reposted)

The Metropolitan Area Planning Council (MAPC), the regional planning agency for Metro Boston, seeks an Energy Coordinator/Energy Planner to help achieve MAPC's local and regional clean energy goals. This is an opportunity to work in a dynamic, inter-disciplinary, and innovative environment to build a more sustainable and equitable future for metropolitan Boston. The Coordinator/Planner will work closely with other staff at MAPC, state agencies, local officials, community groups, businesses, and institutions to promote clean energy efforts in Metro Boston.

**Duties include:** Help cities and towns to develop plans, policies, zoning, and programs to promote energy efficiency, to advance renewable energy in the residential, commercial and municipal sectors, and to reduce greenhouse gas emissions; design and run regional energy projects, e.g., procuring energy-efficient equipment or services, or planning energy initiatives among neighboring municipalities.

**Qualifications include:** MA in planning, public policy, engineering, or public or business administration, with training in energy systems or related disciplines and a minimum of one year of professional experience working directly with energy issues in a public or private sector setting; or relevant bachelor's degree and a minimum of three years of professional experience. Full time position with an excellent state employee benefits package. Salary range \$45,000 to \$55,000 depending on qualifications and experience. This position is a one year contract appointment. Position is open until filled. Candidates must have legal authorization to work in the USA and a valid driver's license and/or the ability to arrange transportation to meetings in different parts of the region.

*MAPC is an EOE/AA employer. Diverse candidates are strongly encouraged to apply.*
