

*This coming Tuesday, February 26th is Election Day in Chicago. Many register voters will take to the poll to cast a vote for who they feel will work in the best interest of the community. Although we believe that now is the time to implement time limits to every office.*

*We are of the opinion that time constraints will not end the many problems that plague our local government. However it will serve as one of the key component to lessoning corruption scandals. We must start now making the necessary changes that can save our democracy. **WE MUST DEMAND TRANSPARENCY.***
